

SHIFT_the future

NAVARA

A SHIFT_can change a
person. A life. The world.

Or simply the way you
move through
it. When you have
the muscle, you can

move with confidence.

Shift_toughness. Shift_

power. Shift_the future.

WORK_and play

From the workhorse tradition, Navara has evolved into a sophisticated, rugged seven day a week vehicle. It's equally at home on the farm, on the building site, or on the boat ramp.

From the styling of the Venturer, the ruggedness of the single cab 4x4, to the versatility of the dual cab or kingcab 4x2, the Navara is as tough

as nails, muscular and sporty.

As for power and towing capacity, the 3.0 litre turbo diesel is top of its class. The 4x4's huge 110kW engine can cart heavy stuff around the farm, move building gear to the site, or cruise with the boat, jet skis and the whole family, into the great outdoors.

4x4 Venturer (Tonneau cover optional extra)

SHIFT_loads

The Navara is famous for sheer grunt. So where does it all come from?

Easy. We'll start with the choice of engines.

The 4x4 comes with the ZD30: a 3.0 litre turbo diesel with 110kW of power, the most powerful turbo diesel in its class.

For big loads or comfortable cruising, all the 4x4's have 5-speed manual transmissions which have double cone synchroniser on 2nd and 3rd gears.

To improve stability, the 4x4's also have a Limited Slip Differential (LSD), ensuring that power is shared equally between the two rear wheels.

If you want a 4x2, you have the choice of the class leading 2.5 litre turbo diesel, with 100kW of power and a massive 304Nms of torque. Or the 16 valve DOHC 2.4 litre petrol engine, with multi point fuel injection that delivers 110kW of power.

CREATURE_comforts

As you can see, the Navara may be tough on the outside, but it's definitely soft on the inside.

The cabin is quiet and the ride is car like. And make no mistake, those seats feel just as good as they look.

SHIFT_strength

The Navara can do it all. The range's towing capacity is near legendary, all of the 4x4 models lead their class. That strength is matched by the toughness of the build. The Navara body is constructed from a corrosion resistant galvanised steel, designed to maximise rigidity and strength in all driving conditions. The special ladder-type chassis and additional reinforcements of the side member frame also increase strength.

With all this toughness and brute strength, you may be surprised by just how smooth and quiet the

ride is. That's because of the high level of body stiffness from reinforced pillars and frame and the strategic placement of special sound absorbing and deadening materials.

With three 4x4 models to choose from, all with the proven 3.0litre turbo diesel ZD30 engine, your toughest decision is whether you want a single or double cab Navara or the double cab Venturer. All models also feature a 5 speed manual transmission which is ideal for hauling big loads or cruising in comfort.

4x2 Double Cab Venturer

4x2 Single Cab and Chassis (Tray is extra)

SHIFT_agility

Whether it's a suburban worksite, work around the home or getting around on the weekend, there is a Navara 4x2 model to suit your needs.

The single cab and King-Cab feature the 2.5 litre turbo intercooled diesel engine, and offer the choice of cab chassis or wellside. The double cab features a 2.5 litre diesel engine while double cab Venture offers you the choice of 2.4 litre petrol or 2.5 litre diesel.

Navara's chassis has been finely tuned to accurately respond to feedback from whatever surface you're negotiating. So, whether you're on an urban road, motorway or building site, Navara provides the unique combination of body strength and rigidity for exceptional ride comfort.

All models share the same reliable suspension system giving you an amazingly quiet ride. Up front there's double wishbone suspension with stabiliser bar with parallel leaf springs at the rear. These provide enhanced stability and agility when carrying heavy or awkward loads and deliver excellent responsiveness and on-road handling.

4x2 King-Cab

SAFETY_first

Just like it's a sure bet to move big loads, the Navara is a safe bet when it comes to driver and passenger safety.

The high level of impact safety comes from an impact absorbing body construction, crumple zones, a heavily reinforced cabin and impact absorbing side intrusion beams. The 4x4 Venturer has driver and front passenger SRS airbags; the 4x2 Venturer has a drivers SRS airbag as standard.

That's just for starters, now, what about the stoppers? All Navara's come with ventilated discs

on the front, for superior fade resistance braking and drum brakes on the rear. That means safe, confident braking all round. And, when you're carrying a big load, the load sensing valve will automatically increase braking power to the back wheels according to the weight of the load.

The Navara has an excellent level of driver visibility, a low glare windscreen and powerful halogen headlights. So, it's easy to see that, when it comes to safety, the Navara excels.

Other useful safety features include energy-absorbing steering column, retractable seatbelts, flame-retardant interior trim, fuel tank rollover valve and day/night rearview mirror.

GENUINE accessories

Just some of the accessories available to personalise your Navara. See your Nissan Dealer for the complete list.

- Hard Tonneau Cover
- Alloy bullbar
- Steel bullbar
- Driving lights
- Roof racks
- Roof bars
- Carpet mats
- Rubber mats
- Tow bar
- Weather shield

SHIFT_possibilities

Your individuality gives you a character which adapts to the demands and opportunities of each day. At Nissan, we're focussed on designing cars which offer that same individuality: cars that are adaptable, personal and have a character that complements yours. We want to shift your expectations. We want to shift your imagination. We want to shift the future.

< PATROL_

More power than LandCruiser and Pajero. It is, quite simply, the most powerful Patrol ever.

^ PULSAR_

The Nissan Pulsar has been designed with one deceptively simple aim - to offer drivers all the features they desire in a small car. Whether it's the contemporary styling of the Sedan or the dynamic sporty lines of the Hatch, Pulsar's style is unrivalled.

^ MAXIMA_

Maxima offers a modern definition of luxury. A car that relaxes and invigorates. All with an effortless 3.5litre V6 engine.

< PRIMERA_

The Nissan Primera has always been ahead of its time. One look at the advanced interior and exterior design tells you that the tradition continues. Technology has created a new interface between man and machine, with an unprecedented balance of handling and riding comfort.

350Z >

It's a car with a cabin that feels as if it's been poured around you. It's a car that rewards the driver. It's a car that has been designed and built from 100% desire. It's the Nissan Z Roadster or Coupe.

< X-TRAIL_

The Nissan X-TRAIL is no pretender. It's a true compact 4WD. The X-TRAIL is rugged and refined, vigorous and versatile, spacious and sporty. Most of all, it's fun.

Nissan Finance.

We can provide a range of finance and leasing packages tailored to meet your needs. When you have chosen the Nissan that you want, simply talk to your Nissan Dealer for details.

Premium Care.

At Nissan, we never forget who buys our cars and who drives them – you, our customer. That's the basis of our 'customer first' policy and the reason why your Navara, along with every other new Nissan, comes with the assurance of Premium Care, an exclusive package of extras designed to cater to your every motoring need.

3 Year/100,000km Warranty

A comprehensive warranty covering your vehicle for 3 years or 100,000km, whichever comes first.

Customer Assistance Centre

We have a 24 hour free phone (0800 808 606) support line if you require roadside assistance.

Complimentary Rental Car and Accommodation. If you're more than 100km from home and your car is off the road due to mechanical fault, we'll supply you with a complimentary rental car (if your vehicle takes more than 8 hours to repair) and up to 3 nights accommodation*.

*Special conditions apply. Please refer to your Warranty Booklet for full details.
