Nissan Navara ST-X

**A shift has been made. A shift towards a more functional work truck. A more powerful work truck. So you can shift heavy loads. And you can shift people. 5 in fact. And not just little people in the back. Big ones with big ugly feet.**

**The all new Navara is no pretender. It's the real thing. And when the weekend comes around, if you get one that is, the Navara is as good with your family as it is with your workmates.**

Gutsy is the only word for it.

The new Nissan Navara features class-leading power, torque and towing capacity thanks to its latest generation V6 petrol and common rail turbo diesel engines.

The 4.0 litre V6 design includes a Continuous Valve Timing Control System (CVTCS), Nissan variable Induction Control System (NICS), silent timing chain, micro finished camshaft and crankshaft surfaces, Molybdenum pistons, resin intake manifold, forged crankshaft, digital knock control system, cross flow engine coolant pattern, high capacity muffler as well as lightweight aluminium block and cylinder heads.

All this technology produces a breath-taking 198kW @ 5,600 rpm of power with 385Nm @ 4,000 rpm of torque.

Meanwhile, Navara's diesel engine also has grunt to spare. It features the latest-generation common rail technology for low emissions and excellent economy as well as a variable nozzle turbocharger which delivers truly impressive power. To be specific, the 4WD diesel offers 128kW @ 4,000rpm with 403Nm @ 2,000rpm, while the 2WD diesel develops 106kW @ 4,000rpm and 356Nm @ 2,000rpm.

Either way, you'll have power to burn.

# GUTS

# 4x4

The petrol and diesel 4x4 dual cabs not only outperform all of their rivals in power and torque, they're also able to tow a class leading 3,000kg (trailer with brakes).

The petrol and diesel power units come with a standard 5 speed automatic, while a 6 speed manual transmission is optional on diesel models.

What's more, Navara is simply more fun to drive. That's not due just to its flexible power delivery and huge towing capacity. A strong high tensile steel ladder chassis with welded cross members to support heavy loads and highly effective suspension system gives Navara remarkable agility and a quick, accurate response to your commands. In addition, it offers a level of ride comfort more expected from a wagon than a workhorse.

At the front, there's rack and pinion steering and compact independent suspension with coils

over shocks and double wishbones. It's a light yet rigid setup for optimum ride and stable handling. The rear suspension provides high lateral rigidity for better cornering, with a long vertical axle travel to cope with heavy loads and rough tracks. On road and off-road, the Navara feels composed, relaxed and inspiring.

Although the Navara feels more at home on road than ever before, it's still a serious and highly effective 4x4.

With the dashboard rotary switch, you can easily select three driving modes. 2WD High for normal dry conditions, sends power to the rear wheels only. 4WD High locks the transfer to split drive equally front and rear for off-roading such as mud and snow.

4WD Low is for serious off-road conditions only. It selects a low ratio for maximum traction on deep mud or sand or during climbing, with maximum engine braking when descending.

198kW 4.0 litre V6 petrol or  
106kW 2.5 litre common rail diesel engine.  
2,000kg towing capacity (trailer with brakes).  
5 speed auto transmission.  
6 speed manual transmission (optional on diesel model).  
5 seats.  
Cloth interior trim.  
Air conditioning.  
16" alloy wheels.  
Side steps.  
Cruise control.

Driver and front passenger SRS airbags.  
ABS brakes.  
Remote keyless entry.  
Power windows and mirrors.  
CD player with 6 speakers.

# 4X2 ST-X

198kW 4.0 litre V6 petrol or  
128kW 2.5 litre common rail turbo diesel.  
4x4 with low range.  
3,000kg towing capacity (trailer with brakes).  
5 speed auto transmission.  
6 speed manual transmission (optional on diesel model).  
5 seats.  
Cloth interior trim.  
Air conditioning.  
17" alloy wheels.  
Side steps.

Cruise control.  
Driver and front passenger SRS airbags.  
ABS brakes.  
Remote keyless entry.  
Power windows and mirrors.  
CD player with 6 speakers.

# 4X4 ST-X

The ST-X Navara's interior offers outstanding functionality combined with comfort and intelligent design. There is comfortable seating for five and numerous creature comforts including cruise control, power front and rear windows, air conditioning, easy clean interior finishes and a CD player with 6 speakers.

There's plenty of storage too, including a large double deck glove box, a central dashboard tray, a console between the front seats, bottle storage integrated into the front doors and a multitude of cup holders and 12v power outlets.

# THE FRONT

The Navara offers new solutions to cab storage and flexibility. Large rear doors enable easy access to rear seating and the cargo area while 60/40 rear seats flip up to provide versatile extra cargo space. The front passenger seat folds flat for added load carrying capacity.

# THE BACK

# LIVE EXTREME

# GO WITH CARE

The rear tray bed is longer, deeper and wider than ever before to create a large and versatile load carrying space. And Navara now features an ingenious Utili-Track system for securing the load.

It features four channels that run the length of the bed and one that runs the width, plus four heavy-duty cleats that can be moved to where you need a tie-down point. These cleats lock into place so you can carry just about any kind of load without it moving or tipping over.

# THE BED

You know the best way to cope with unexpected situations: it's not luck, it's being prepared. That's the philosophy behind Navara's extensive safety equipment.

ABS anti-lock braking along with EBD electronic brake force distribution are standard. So is Nissan's Brake Assist, which senses when you're making an emergency stop and automatically increases braking effort, reducing the stopping distance.

Navara is also equipped with a number of passive safety systems. Dual SRS airbags are standard, as are front pre-tensioners seatbelts.

It also has 3 point lap sash seat belts fitted in all seat positions, child seat anchorages, front door anti-intrusion beams, a collapsible steering column and multi-reflector headlights.

## Nissan Finance.

We can provide a range of finance and leasing packages tailored to meet your needs. When you have chosen the Nissan that you want, simply talk to your Nissan Dealer for details.

## Premium Care.

At Nissan, we never forget who buys our cars and who drives them – you, our customer. That’s the basis of our ‘customer first’ policy and the reason why your Navara, along with every other new Nissan, comes with the assurance of Premium Care, an exclusive package of extras designed to cater to your every motoring need.

## 3 Year/100,000km Warranty

A comprehensive warranty covering your vehicle for 3 years or 100,000km, whichever comes first.

### Customer Assistance Centre

We have a 24 hour free phone (0800 808 606) support line if you require roadside assistance.

Complimentary Rental Car and Accommodation. If you're more than 100km from home and your car is off the road due to mechanical fault, we'll supply you with a complimentary rental car (if your vehicle takes more than 8 hours to repair) and up to 3 nights accommodation\*.

\*Special conditions apply. Please refer to your Warranty Booklet for full details. Nissan New Zealand reserves the right to introduce changes to vehicle specifications on models contained in this brochure, at any time. Please contact your Nissan Dealer for information. Or visit our website www.nissan.co.nz

Disclaimer: Specifications for all models are correct at time of printing.
